I am a dedicated third-year computer science student at Tel-Hai University, consistently excelling in my studies. I have a strong foundation in software engineering, algorithms, and problem-solving. My coursework and projects have provided me with hands-on experience in various domains, including web development and system programming. I am highly motivated to learn, adapt, and contribute effectively to challenging technical environments.

Education and Qualifications

B.Sc. Computer Science   Oct 2022 - Present
Tel Hai University

GPA: 93
Last year awarded Academic Excellence of the first year for outstanding performance.
I have successfully completed numerous courses with excellent grades and a deep understanding of the material, and I am continuing to excel in my studies.
